

SuperStore Sales 2022 Insights

OVERALL PERFORMANCE – 2022

- Total Sales for 2022 stood at \$733,284 with a Net Profit of \$93,431, reflecting a Profit Margin of 12.74%
- The business fulfilled 1,687 orders with an Average Profit of \$28 per order
- Sales grew consistently through the year, with Q4 being the strongest quarter at \$280,072 — more than double Q1's \$123,162

SALES TREND (QUARTERLY)

- Q1 to Q4 shows a clear upward trajectory: Q1 → \$123K | Q2 → \$134K | Q3 → \$196K | Q4 → \$280K
- Q4 alone contributed 38% of annual sales, indicating strong year-end demand
- However, profit growth did not keep pace with sales growth — Q2 profit dipped to \$15.5K despite higher sales than Q1, suggesting increased discounting mid-year

CATEGORY PERFORMANCE

- Technology is the top-performing category with \$271,758 in sales and \$50,683 in profit (18.6% margin)

- Office Supplies delivered a healthy \$39,727 profit on \$246,136 in sales (16.1% margin)
 - Furniture is a concern — \$215,390 in sales but only \$3,021 in profit (1.4% margin), dragged down by loss-making sub-categories
-

REGIONAL PERFORMANCE

- West is the strongest region: \$250,160 in sales and \$43,795 in profit
 - East follows with \$213,102 in sales and \$33,228 in profit
 - Central and South lag significantly — Central earned only \$7,562 profit on \$147K in sales (5.1% margin)
 - South and Central together contribute 37% of sales but only 17.6% of total profit
-

CITY-LEVEL HIGHLIGHTS

- New York City is the top city by both sales (\$86,951) and profit (\$22,398)
 - Seattle ranks second with strong profitability (\$15,510 profit)
 - Philadelphia is a red flag — \$41,596 in sales but a loss of -\$4,997
-

CUSTOMER SEGMENT

- Consumer segment leads with \$331,938 in sales and \$45,585 in profit
 - Corporate contributes \$241,864 in sales — solid but with a lower margin than Consumer
 - Home Office is the smallest segment but delivers a competitive \$21,074 in profit on \$159K sales
-

SHIPPING & OPERATIONS

- Out of 1,687 orders in 2022, 904 were delayed (27.3%) — more than 1 in 4 orders did not ship on time
 - This is a significant operational risk and may be impacting customer satisfaction and repeat purchases
-

STATES TO WATCH (LOSS-MAKING)

- Texas (-\$8,832), Illinois (-\$6,743), Pennsylvania (-\$5,112), and North Carolina (-\$5,091) are the top loss-making states
- These states are generating reasonable sales volume but are clearly being over-discounted or have high fulfilment costs
- Immediate review of discounting strategy in these states is recommended
